

**Exhibit 2 – USA only**

**AGREEMENT IN GOOD FAITH CONCERNING USE AND DISTRIBUTION  
OF  
BIOLOGICAL RESOURCES, WITHIN THE UNITED STATES OF  
AMERICA**

The materials listed below, or any portion thereof, (the "Materials") are made available to the named research investigator (the "User") at the named research institution/company (the "Institution"), subject to the following conditions. Please note that Source BioScience UK Limited is willing to provide the Materials only on the following terms and conditions:

1. **Use** - The Materials provided are for use by the User for their own research in the Institution. The User may share the Materials with other researchers in the same laboratory, working on the same project. The User and/or the Institution may not sell, lend, distribute to any third party or otherwise transfer any of the Materials to any third party. Use of the Materials, directly or indirectly, for commercial purposes requires the written permission of Source BioScience UK Limited. This requirement is not intended to inhibit patenting or commercial exploitation.
2. **Acknowledgement** - Any publications arising from the use of the Materials must acknowledge support received from the Source BioScience UK Limited and the originator of the Materials, the University of Oxford Structural Genomics Consortium (SGC) (the "Originator").
3. **Liability** - Source BioScience UK Limited will use reasonable care in the provision of Materials. Except as expressly provided in this agreement, there are no representations or warranties by Source BioScience UK Limited or its contributors with respect to the Materials whether express or implied. Materials obtained from Source BioScience UK Limited must not be used in humans or for clinical or therapeutic use or for clinical diagnostic purposes and the Institution shall ensure that any use of the Materials is undertaken in accordance with all applicable laws and regulations and with appropriate precautions in place to minimize the risk of any harm to persons or property. If Source BioScience UK Limited, at its discretion, provides any technical assistance and/or information with respect to the Materials as well as other products and procedures associated with use of the Materials, then such assistance and information is provided without any warranties of any kind, express or implied. It is the Institution's responsibility to assess the technical assistance and information in consideration of the use, selection, application or suitability of the Materials. Source BioScience UK Limited, and their employees and agents, assume no responsibility or liability for direct, indirect and/or consequential loss, damage or injury, and the Institution agrees to indemnify Source BioScience UK Limited, to the extent permissible by law, from and against any liability or claim arising either directly or indirectly from the receipt, handling, storage, disposal use and/or mis-use of the Materials.

4. **Law** - These Terms and Conditions will be governed by and construed in accordance with the laws of the United States of America and the User and Institution hereby submit to the exclusive jurisdiction of the USA state courts
5. **Information** - The Institution hereby agrees that the following information may be provided to the Originator: Institution name, User's name, country of origin and Materials obtained under this Agreement.

Please note that all orders for Materials are also subject to the terms and conditions set out on our Order Page.
